### WAR CLOUD DARKENS

This Time It Is Hovering Over Washington.

GEN. MILES AND SECRETARY ALGER THE CONTESTANTS.

Washington, Aug. 27—Special—All interest here is centered upon the quarrel between the friends of Gen. Miles and Secretary Alger. The latter's supporters threaten the commanding general with a court martial for insubordination and insulting conduct towards his superior officer, but the adherents of Gen. Miles laugh at the idea. The secretary of war is, it is true, the general's superior, yet there has never been an instance of the commander of the armies of a nation being called to account in the manner in which it is proposed to arraign Miles, and the attempt to establish a precedent would be a hazardous undertaking. Gen. Miles has never been popular in the regular army, for he is not a graduate of West Point, having risen to his present distinction from civil life, but neither is Secretary Alger compelled to remonstrate against the loud huzzahs that might, but do not, greet his public appearances. It is the general opinion here that Miles has been guilty of technical disrespect for the secretary, but he has had great provocation in the treatment he has received from the war department. High officials regard the dispute as an unfortunate affair, and are hoping the excitement will blow over, but Miles seems to court arraignment for the words he has spoken, and may force Alger to take notice of the matter. It is broadly hinted that neither will escape unscathed in case the matter goes to a court martial.

### Favor Keeping the Philippines.

Washington, Aug. 27—Special—A majority of the peace commissioners selected by the president are said to be in favor of territorial expansion, and will insist at Paris upon the retention of the Philippines. In this regard they are in full accord with the president, whose chief ambition just now is to extend American commerce to the uttermost parts of the earth. The trade with China and Japan is especially receiving his consideration, and as a means of fostering this trade an American coaling and naval station in the Philippines will be an important factor.

### Want Provisions Free.

Havana, Aug. 27—Special—Members of the municipal government have asked the secretary of the treasury to permit the entry free of duty of all articles of prime necessity, especially cattle intended for food. The secretary has refused. The government of Havana has refused Clara Barton's offer to supply soup for the poor of the city.

### Guerrillas Doing Damage.

Ponce, Aug. 27—Special—An armed force of guerrillas has burned the sugar plantations at Utudo. Much alarm is felt in that part of the island, as all Spanish soldiers have been withdrawn, leaving the district without protection.

### Alger Wants An Inquiry.

Washington, Aug. 27—Special—Secretary Alger arrived from Montauk Point this morning. He immediately went to the white house and had a long talk with the president regarding the conditions at Camp Wikoff.

### Died of Yellow Fever.

Washington, Aug. 27—Special—The war department was notified this morning of the death from yellow fever of Maj. McCreery, a surgeon, while returning from Santiago on the Catania.

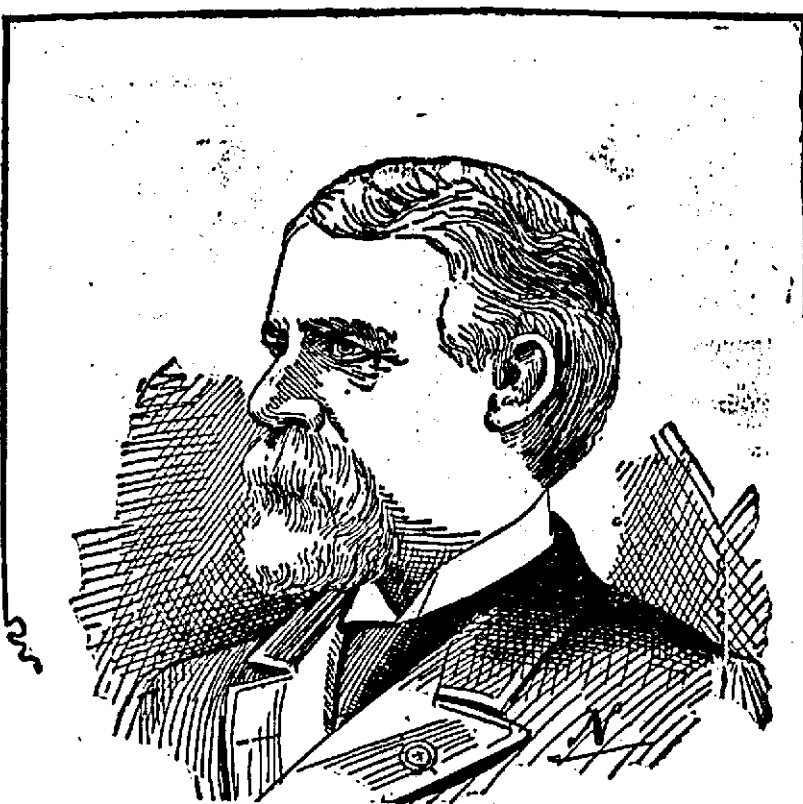

### A Liberal Englishman.

New York, Aug. 27—Special—Sir Thomas Lipton, challenger for the America cup, has contributed \$10,000 for the relief of the sick and wounded American soldiers.

### Don't Want Spanish Husbands.

Annapolis, Aug. 27—Special—The reported engagement of two Spanish prisoners to two prominent young ladies of this city is denied by the persons concerned.

HIS DISPUTE WITH GENERAL MILES PROMISES TO MAKE HIM FAMOUS

GEN. RUSSELL A. ALGER,  
Secretary of War.

### MARRIED TO A SOLDIER

Miss Mae Love, of Beloit, Is Wedded To Lieut. Fred Hart Of Company E.

Beloit, Wis., Aug. 27—[Special]—Lieutenant Fred Hart, of Co. E., First Wisconsin Volunteer Infantry, who came to Beloit with Mace Mollstad's remains and has remained on a furlough, was married at noon today to Miss Mae Love, of this city. The couple started at once for Jacksonville, where Lieutenant Hart must join his regiment on the 30th.

### ARRIVED SAFE IN PORT

French Cruiser, Reported Lost in the Indian Ocean, Turns Up All Right.

Paris, Aug. 27—[Special]—The admiral, has received information that the French cruiser Bruix, reported lost in the Indian Ocean, has arrived safely at Saigon, Indo-China.

### SLAUGHTER IN ITALY

Eighteen Persons Killed Outright By the Collapse of a Building At Foggia.

Rome, Aug. 27—[Special]—Eighteen persons were killed and others seriously injured by the collapse of a building in Foggia last night.

### HIRAM BUMP SERIOUSLY ILL

Has Not Been In Good Health For Several Weeks Past.

Hiram Bump, one of the early and most respected residents of this city, is dangerously ill at his Madison street home. For several weeks past he has been confined to the house, his illness being the result of advanced years. Mr. Bump is eighty-two years old, and has until this year been considered an active man for one of his age. For many years he has been engaged in the grain buying business here, and is known throughout the county by the farmers. Mr. Bump says that this fall is the first time in forty years that he has not seen the harvesters at work.

### WARDEN MILLER LEAVES TOWN

While Here He Gained But Little Evil, Hence Against Illegal Hunters.

Special Game Warden G. L. Miller, of Prairie du Chien, who was sent here to investigate the work of illegal hunters in this section, has left the local field without obtaining any information of a valuable nature. Warden Miller says he heard of plenty of prairie chickens being shot, but he couldn't find a single man who knew who was guilty of the act. He says that the majority of hunters in this vicinity are living up to the law, but that there are a few against whom complaint is liable to be made. For the present Warden Miller has left this section, but his early return may be expected.

### REPAIRED LIGHTNING DAMAGE

Elmer Langworthy, Has Replaced His Barn Recently Burned.

Elmer Langworthy, of the town of Fulton, who recently lost the barn on his place by fire, was in the city today, and reports a completion on his place of one of the largest and most complete barns in the county. A large force of carpenters have been at work erecting the structure of late, and it has taken just six weeks to complete the entire contract. The barn is 30x50 feet, and is built complete throughout. Its total cost will be in the neighborhood of \$1,500.

### STRAPPED IN LONDON

Americans Abroad Are Left Bankrupt By the Failure of the Low Exchange.

London, Aug. 27—[Special]—The suspension of the Low Banking Exchange has created consternation among the American visitors here. Many of them are left without funds with which to get home.

### VISIT BROTHER ABNER

The President and Wife Go to Somerset. See the Executive's Elder Brother.

Washington, Aug. 27—[Special]—The president and wife left for Somerset this morning to pay a visit to Brother Abner.

### BENEFITS LOCAL LABORERS

Large Sand Pit at Rockton Being Worked Hard This Year.

John O. Fox, of this city, is having a busy time of it these days as general overseer in the large sand pit at Rockton that is now being worked at full capacity by the Chicago, Milwaukee & St. Paul railroad. Several men residing in Janesville have been given work there this summer.

Of late two large steel steam shovels have been kept busy from early morning till late at night loading many cars daily that are sent to the different points along the Council Bluffs and the Racine and southwestern divisions. This season several thousand yards have been removed.

When one considers that each yard is 3,000 pounds in weight one can better imagine the extent of the work in hand.

### SODA FOR SOLDIERS' GOOD

E. B. Helmstret Will Donate One Day's Receipts For the Good Cause.

E. B. Helmstret has very generously offered to donate one day's receipts from his soda fountain to the Ladies' Aid society for the benefit of the soldiers. The funds raised will be used for the purpose of supplying the sick boys in blue with necessary comforts and also for the purpose of caring for the dead.

The day of the benefit has not yet been set, but will probably be the latter part of next week, due announcement to be made later.

Mrs. O. F. Nowlan will have charge of the benefit, and it is hoped that a goodly sum can be thereby raised for the very worthy cause. Watch for the later announcement, and drink for the good of the "boys in blue."

### SMITH GOT SECOND PRIZE

Secures Twenty Five Dollars For Work As Window Decorator.

Otto E. Smith, the well known druggist, has good reason to feel proud of himself as a first class window kodak decorator.

The Eastman Company, of Rochester, recently offered prizes for the best decorated kodak windows. Window dressers in all parts of the country competed for the prizes offered which were \$50 for first and \$25 for second.

Surprised indeed was Mr. Smith this morning when he received a letter from the company, stating that he had been awarded second prize. The letter was a complimentary one, praising him on his good work.

If you want a hammock we will sell you a dandy at a very cheap price; 50 cents has been knocked off the price of every hammock in the store. Sanborn.

### NEGLECT OF SOLDIERS

Their Shameful Treatment Arouses Great Indignation.

THE PRESIDENT WILL FIND OUT WHO IS TO BLAME.

Washington, Aug. 27—Special—On the heels of the report that the president has under consideration the calling of a court of inquiry for a general investigation of the war administration comes the report that Secretary Alger also favors the investigation, but prefers one by the war department itself. Such inquiry, it is generally conceded, would be inadequate. Such an investigation usually does business with a pail of whitewash. The evidence of gross mismanagement in the camps continues to pour in. Why whole regiments that have not been out of the country should be emaciated by fever and lack of food is difficult to explain away.

### The President Is Indignant.

Washington, Aug. 27—Special—It is said that the president has been greatly shocked by the disclosures of mismanagement and incompetency at the military and hospital camps and on board the troop ships, and will institute a searching inquiry to ascertain where the responsibility lies. The president's orders were explicit from the first to spare no trouble or expense in providing for the health and comfort of the soldiers. It is very evident that these orders have been disregarded. Those guilty will be held to a rigid accountability for their acts. The president has expressed himself in emphatic terms on the subject, and will doubtless be heard from ere long.

### Surgeons Accused.

Cincinnati, Aug. 27—Special—The Post's Chickamauga special says: "One of the most sensational incidents of the mismanagement of Camp Thomas has been brought to light. Soldiers who claim to have witnessed the incident say a large consignment of Red Cross wines and liquors intended for the sick soldiers were appropriated by the surgeons, who got beastly drunk and neglected their patients, some of whom suffered serious relapses through this neglect."

### Disbanding the Cuban Army.

Santiago, Aug. 27—Special—Gens. Lawton and Castillo conferred yesterday on the disbandment of the Cuban army. While nothing definite was decided upon, Castillo expressed the opinion that the disbandment could be effected without trouble.

### An Earthquake Shock.

Santiago, Aug. 27—Special—Four earthquake shocks were felt here this afternoon. The buildings on the water front swayed and the floors cracked.

### Missing Hospital Ship.

Boston, Aug. 27—Special—No tidings has been received this morning of the hospital ship Solace, which should have arrived several days ago.

### Going on a Vacation.

Washington, Aug. 27—Special—Secretary Alger and family are going to Detroit next week. The secretary intends to spend several weeks away from official cares.

### To Be Mustered Out.

Washington, Aug. 27—Special—The Hundred and fifty-ninth Indiana was today ordered to Indianapolis to be mustered out.

### Alger Is Ill.

Washington, Aug. 27—Special—Secretary Alger is ill. He contracted an attack of dysentery while at Montauk.

### WIRES WERE RESPONSIBLE

False Alarm of Fire This Morning Called Out the Department.

Another one of those mysterious fire alarms was turned in this morning about 9 o'clock, and the department responded in quick time. The indicator at the west side station showed box 12, while the east side station in

dicator failed to show any number. The east side boys were obliged to make the run to the west side house in order to know where to go, and then all went on a long run to the corner of Washington street and Mineral Point avenue, where no signs of a fire were to be seen. It is said that the trouble was in one of the wires.

## PREACH THE GOSPEL TO EVERY CREATURE

THIS IS THE MOTTO OF THE  
JANESVILLE CLERGY.

They Have Messages for Every Person in the Community, and Desire a Hearing—The Themes Chosen for Their Sermons Concern the Well Being of All.

Tomorrow, the last Sabbath in the summer, gives promise of being an ideal day, cool and clear, just such a day as one rejoices in after the torridity of the past two months. The clergy of the city have displayed their customary alacrity in providing mental and spiritual solace for those who desire to sit under their ministrations. Most of them have been rejuvenated and refreshed by brief vacations, and their discourses will doubtless testify to the benefit they have derived by exceptional vigor and earnestness. The services announced for tomorrow are noted below:

**First Baptist Church**—Rev. Arthur O. Kempton, pastor. Public worship at 10:30 a. m. Sermon topic, "The Temple of Life." "Church Echoes" for those who wish them. Sunday School at noon. Y. P. S. C. E. at 8:30 p. m. People's service at 7:30 at which Mr. Kempton will begin a series of sermons to young men and women of Janesville (with aides to those who are older) the subject of the first being, "Wanted—A Man." Everybody welcome.

## SERMONS FOR THE YOUNG

Series of Discourses to Be Delivered At the Baptist Church

Rev. Arthur O. Kempton, pastor of the Baptist church, announces a series of seven sermons to be delivered on Sunday evenings, and especially intended for the benefit of the young men and women of Janesville. The themes, together with the dates upon which they will be discussed, are:

Aug. 28—"Wanted—A Man."  
Sept. 4—"The Curse of Idleness."  
Sept. 11—"The Blessing of Industry."

Sept. 18—"A World of Opportunity."

Sept. 25—"Responsibility."

Oct. 2—"He Ambitions."

Oct. 9—"Now then do it!"

A special invitation is given to all who work in our mills and factories, our stores and offices, and to all who are engaged as teachers or scholars in our schools.

EMBROIDERED MOUSSELINE DE SOIE GOWN FROM HARPER'S BAZAR

Gowns of embroidered mousseline de soie have been extremely fashionable this summer, and, as they are always made up on silk linings, will be quite warm enough for autumn wear. These gowns are too dainty as well as too elaborate for general use and are only suitable to be worn in afternoon and evening. The smart costume shown in our illustration, taken from Harper's Bazar is made of mousseline de soie embroidered with a chenille pink dot. The skirt is bell shape is trimmed with saut ruffles of the material, with a satin ruche at either edge; these ruffles are close together at the waist, but broaden out at the foot of the skirt and go entirely around it at the back; across the front breadth there are three rows of the ruching.

The waist is very odd in design, made of heavy white lace and trimmed with straps of corded black satin, the bands of different sizes broader at the bust than at the neck or waist; the belt, however, made also of the corded satin, is quite wide. The vest, stock-collar and large bow at the back of the collar are made of plain white mousseline de soie. The sleeves are tight fitting, and strapped with satin ruffles from the shoulder to the wrist, with epaulettes of the heavy lace to match the body of the waist, while at the wrist are ruffles of finer lace.

The hat worn with this costume is of fine pale yellow straw trimmed with long ostrich plumes, and directly in front a rosette of black satin ribbon; under the brim, quite far back at the left side, is another satin rosette.

## WHY THEY USE SIDEWALKS

A Cycler Tells the Mayor About the Condition of the Streets

Editor Gazette—At a special meeting of the common council on Monday evening, Aug. 22, the mayor had his little say about bicyclists riding on the sidewalks. On behalf of the cyclists would like to state to the mayor that if he would see to it that the streets are not made perfect duck ponds by the sprinklers and that the boulders which are large enough to be cut into corner stones for a skyscraper equal to Chicago's Masonic Temple, were removed there would be no occasion for anyone to ride on the walks. But, as are the conditions of the streets of Janesville, it is almost an impossibility to ride four blocks at a stretch without running a big risk of taking a sudden roll in the mud or of running against boulders, for it is almost impossible to miss hitting them, causing a fellow to see stars for a week. There is not a road leading from the city, until the limits are passed, but what is a paradise compared with the streets in the city. There are very few stones to be encountered or a muddy road to be passed over in the country, which should make the city officials blush with shame. CYCLER.

## CYCLE RACES ARE POSTPONED

Time For Advertising State Meet Was Considered Too Short

There will be no state bicycle race given in this city on September 14, under the auspices of the L. A. W., as planned. Several weeks ago a state circuit was arranged by state league officials, and Janesville was favored with the date of September 14. Now it appears that those in charge of the proposed meet here claim that the expense would be too great considering the short time for advertising such a meet.

It is now said that during the latter part of next month or the first part of October a meet will be given here for one day only, and that riders from all parts of Wisconsin and Illinois will be invited to participate.

Local Consul E. V. Whitton, Jr., has notified State Official Ryan, of Appleton, to cancel the September date.

## CUCUMBERS ARE PLENTIFUL

Thousands of Bushels Being Harvested in This Section of the County

Rock county will contribute her share of cucumbers and cucumber pickles to the market this year. Reports received by local grocersmen of late indicate that the crop this year will be a large one, and that the housewife need not worry herself over not being able to secure her share for pickling purposes.

Many farmers near Janesville have put many acres into cucumbers this year.

Potatoes are also plentiful, and hundreds of bushels will soon be on the local market.

One of the advantages of this region is the productive soil adapted to raising anything necessary to the wants of the human family.

## DECORATORS IMPROVE CHURCH

Extensive Changes Wrought on Interior of the Congregational Edifice

When the doors of the Congregational church are thrown open to the public next month, several changes will be noticed in the auditorium. Workmen from Chicago have been in full possession of the sacred edifice of late, and the changes wrought will be a surprise to the members who have worshipped there these many years.

The work of the painter and decorator is to be noticed on all sides, from the floor to the ceiling and from the front walls to the rear. The plan shows much taste, fully meeting the requirements of the present congregation. Marshall Field & Company, of Chicago, have had the work in hand, and their head decorator was sent here to personally superintend the work. The cost will be in the neighborhood of one thousand dollars.

## THEY REACH AN UNDERSTANDING

COL. SCHADEL AT LAST AGREES  
WITH THE GOVERNOR.

Withdraws His Protest Against the Mustering Out of the First Regiment—Governor Scofield Informs the Secretary of War and Urges Prompt Action.

Washington, Aug. 27.—Representative Cooper yesterday had a conference with the president and Adj. Gen. Corbin regarding the mustering out of the First and Fourth Wisconsin regiments. Mr. Cooper was informed that these were slated for dishonorable, but the representative secured no information as to the time. He has an appointment with the adjutant general and expects to secure accurate information as to when and where the regiments will be disbanded. Mr. Cooper also called at the treasury department on matters connected with the Racine public building. He was informed that according to the present program the gas and electric lighting apparatus would be completed early in September, and the building would be ready for occupancy shortly thereafter.

**Schadel Withdraws Objections.**  
Madison, Wis., Aug. 27.—Colonel Schadel, of the First regiment, has withdrawn his protest against the regiment being mustered out, and Governor Scofield last night telegraphed to the war department, notifying the officials there of Colonel Schadel's action and expressing his opinion that it is imperative that the regiment should be mustered out for the health of the men. Colonel Schadel's dispatch is as follows:

"Jacksonville, Fla., Aug. 26.—Governor Scofield, Madison, Wis.:—The anxiety and excitement through the state would seem to warrant disbanding the First. Personally I withdraw my objections.

Governor Scofield thereupon sent the following dispatch:

"To the Honorable the Secretary of War, Washington, D. C.—I still think it imperative that the First regiment Wisconsin volunteers, now at Jacksonville, be ordered home at once to be mustered out. Colonel Schadel, commanding the First, telegraphs me under this date that he is convinced that anxiety in Wisconsin over the physical condition of men of the First, warrants the mustering out of the regiment and that he withdraws his protest entered a few days ago against such action. EDWARD SCOFIELD, Governor of Wisconsin."

Tonight's Sale

As usual tonight after 8 o'clock we will slaughter all perishable fruit and vegetables. We don't buy goods especially for this sale but our Saturday shipments are heavier than of any other day in the week and usually some part of the inventory remains unsold by evening. Rather than keep the stock over Sunday we put a price on it that moves it regardless of cost. Bring your baskets tonight. Sanborn.

Little Girl Could Hardly Breathe  
Owing to Catarrh

Hood's Sarsaparilla Cured Her and Her Worn Out Mother.

"My little girl was terribly afflicted with catarrh and she could hardly breathe at night. She took many different medicines without benefit and we became almost discouraged. One day I read an advertisement of Hood's Sarsaparilla and concluded to try it. She began taking it and was soon relieved. I believe she is now permanently cured, as she has not been troubled with catarrh for some time. I was run down in health myself and suffered constantly with backache, and felt all worn out. I thought Hood's Sarsaparilla might help me and I began taking it and it has cured me. I have not had any return of the lameness in my back or tired feeling." Mrs. A. H. ALLMAN, Medford, Wisconsin. ## BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

The third fall out of Boston was made possible yesterday by Thornton's great pitching. The Champions put in Nichols and made a hard fight for the game, but it went the same way as the others. The threefold defeat here has given Boston a big setback. Cincinnati took tardy advantage of it yesterday by getting a game from Baltimore, the first defeat for the Orioles in thirteen games. The Reds consequently regained second place and are but one game behind Boston. New York trimmed Cleveland. Scores: At Chicago—Chicago, 3; Boston, 2. At Cincinnati—Cincinnati, 10; Baltimore, 0. At Cleveland—New York, 8; Cleveland, 1. At Pittsburg—Brooklyn, 3; Pittsburg, 2. At Louisville—Louisville, 5; Philadelphia, 3. At St. Louis—Washington, 8; St. Louis, 3.

Games today: New York at Chicago, Brooklyn at Cleveland, Boston at Pittsburg, Philadelphia at Cincinnati, Baltimore at St. Louis, Washington at Louisville.

Interstate League.  
At Newcastle—Newcastle, 5; Youngstown, 1.  
At Toledo—Fort Wayne, 7; Toledo, 0.  
At Grand Rapids—Grand Rapids, 7; Mansfield, 2.  
At Dayton—Springfield, 9; Dayton, 6.

Western League.  
At Indianapolis—St. Paul, 4; Indianapolis, 2.  
At Milwaukee—Milwaukee, 2; Minneapolis, 0.  
At Detroit—Kansas City, 8; Detroit, 6.

## SITUATION IS ACUTE.

China's Relations with Great Britain Strained to the Point of Rupture. London, Aug. 27.—The Pekin correspondent of the Daily Mail says: "The situation has suddenly become acute. The relations between the taung-ti-yamen (Chinese foreign office) and Sir Claude MacDonald, the British minister, are strained to the point of rupture. Sir Claude MacDonald has intimated that any failure by China to observe Great Britain's wishes will be accepted as a 'casus belli.' In support of Sir Claude the fleet has been concentrated at Wei-Hai-Wei and Hankow and all the warships under 5,000 tons have been mobilized in the Yangtze-Kiang. The naval demonstration is solely directed against China, as it is semi-officially stated that the existing relations with Russia are cordial."

## Business Firms Burned Out.

La Crosse, Wis., Aug. 27.—The business portion of Onalaska, three miles north of this city, was visited by a destructive fire early Friday morning. Gunderson, Krueger & Co., general merchants, lost on stock and building \$14,000; insurance, \$8,500. Hall's hotel was damaged \$1,500, partially insured. The minor losses will aggregate \$2,500. The Modern Woodmen's and Norwegian Aid society's halls were burned out. During the fire a 25-pound can of gunpowder exploded, injuring several firemen, none seriously.

## When Mt. Vesuvius Spits Fire.

It does much harm to some localities and people but it also accomplishes some good. The lava which it belches forth is put to many uses—one in particular that is really a boon to the housewife:

## Lava Enameled Solid Steel Hollow Ware...

Will stand 1000 degrees of heat and yet won't burn or chip. A new article and fire proof against servant girls. This new ware is made of sheet steel first dipped in aluminum, then in melted lava. It is practically non-destructible and absorbs the heat so that cooking can be done in much less time. Any article cooked in it will not stick to or spot the ware. It is absolutely the finest kitchen ware ever put on the market and will outwear any kind of material. It is not much higher in price. For instance:

No. 8 Tea Kettles sell at \$1.00.

No. 9 Tea Kettles sell at \$1.20.

We have Lava Enameled Ware in Tea Kettles, Stew Pans, Sauce Pans, Preserving Kettles, Wash Dishes, Etc. Its appearance is very smooth. You will be pleased with it.

## Lumber and Building Material...

Until you bring them here. More people have found this out the past year than in any previous year, and the result is these are very busy times with us. Our trade has never been so large, and by extending our force and working over-time, we have met every demand promptly. These happy conditions may be partially due to the general revival of business, but the greatest agency has been the fact that the people are learning that our material and work are better and cheaper. All we ask is a proportionate growth during 1898, and we expect it. It will be to your advantage to help the increase along.

thirty-foot digester. There will also be another story added to the mill, to be used for chip storage. The work at the Cluquet mill is progressing rapidly. There are 175 men now working at the different parts of the new plant, and 300 more are being advertised for. The next year promises to be a prosperous one for the manufacturers. In addition to these mills Mr. Priddy has just recently completed mills at Menasha, the Howard mill, and the new Marinette and Menominee mill. The fact that manufacturers have put this amount of money into their plants considering also the new mills at Cluquet and Ypallanti, is evidence of coming prosperity in the paper line.

"The prospects in the book paper line are bettering, and are much brighter now than ten days ago. At that time the summer dull season was on, but since the close of the war the large manufacturers have been able to fix prices. Accordingly the book paper manufacturers have been getting more orders, and though there is no perceptible change in the prices, the demand increased enough to encourage the mill men."

Elsewhere in this issue will be found a communication from Victor P. Richardson on the subject of the city's general fund and its expenditure, that is of value to every taxpayer, and should be carefully considered by people who are interested in municipal economy. The system upon which the city's business is done has been severely criticized by many people, and the general belief seems to be that changes can undoubtedly be made that will result in more efficient service at less cost. This being the case, Mr. Richardson's articles have attracted much attention. He is to be commended for taking an interest in the matter, as a discussion of the subject can but result in the betterment of affairs.

## PATCH WARD FUNDS AT CITY'S EXPENSE

VICTOR P. RICHARDSON WRITES  
OF TAX-PAYERS' MONEY.

Says the Present System Does Not Encourage Aldermanic Economy, But Can Be Made To Cover Extravagance, as People Cannot Hold Their Representative Responsible.

EDITOR GAZETTE.—A few weeks since I called the attention of the readers of the Gazette to the extent to which our city expenses had increased in the past few years. The figures taken from books of the city clerk showed that they had nearly doubled in ten years and that the greatest increase had been in the general lighting and school funds. In considering the increase in the general fund the article called attention to the custom which has increased during the past few years of charging to the general fund many expenses that should be charged to other funds set apart for specific purposes. With the view of ascertaining to what extent this has been done recently I have examined the books of the city clerk and find that since July 1 there has been paid out and charged to the general fund about \$1,500. This includes a small amount due but not paid. Of this amount about \$2100 was for salaries and other expenses not chargeable to streets and the balance of \$2,700 has been spent almost entirely on the streets in different wards of the city. In addition to this sum the council has voted to spend \$300 from the general fund for opening a new street in the Third ward thus making a total of about \$3,000. Now every dollar of this \$3,000 has been spent in some one of the wards of the city and why should it not be charged to the ward fund? Why should not some alderman be responsible for its expenditure? Is it because the alderman don't want to take the individual responsibility? If the money was charged to the ward funds the funds would soon be exhausted and then some alderman's constituents would kick. Under this present system the alderman goes through the year without spending a cent of his ward fund and then points with pride to his record for economy, when perhaps he has spent two or three times the amount of his ward fund and concealed the expenditure in the general fund. Then too the system may work a great injustice to the taxpayers of some one or more wards. As the alderman of one ward may succeed in grabbing much more than his share of the general fund, and so expend in his ward the money contributed by tax payers of other wards.

An example of this is seen in the action of the council transferring to the general fund certain items for stone that had been charged to the ward funds. By this transfer the general fund was charged with \$2014 from First ward, \$13.20 from Second ward, \$600 from Third ward, \$604.40 from Fourth ward, and \$166.50 from Fifth ward, and the ward funds were credited with these several amounts. Was this fair? The alderman of one ward had by economy saved his ward fund while the alderman of another ward spent his. Then the latter renounces his ward fund by charging his expenditures over to the general fund and they stand alike before their constituents.

This system, instead of encouraging the aldermen to practice economy and care in city expenditures, encourages them to grab from the general fund all they can for their respective wards, and so leads to carelessness and extravagance. This would not be so if every dollar spent in any one ward was charged to the fund of that ward. In this case the people would know what each alderman spent in his ward, and this would make the aldermen careful and economical.

Our present council is not responsible for the present system, as they but follow an established custom. But they can change the system if they so desire. Would it not be a good plan to divide up the general fund as much as possible among the several funds to which it belongs? The general fund this year amounts to about \$20,000. Of this amount probably one-half, or \$10,000, will be spent on streets.

Now, why not divide this amount among the several ward funds, and then every tax payer can know just how much money the alderman of his ward has to spend, and how he spends it. This would be a business-like arrangement, and would cause a much more careful and judicious expenditure of the money of the tax payers.

WILLIE CLARK KEEPS SCARCE

Police Have Failed to Locate Him Since the Robbery.

Willie Clark, of this city, who is accused by the police of having taken a prominent part in securing a watch and chain of Master Howard, the Milwaukee lad who was visiting here, is at present about the scarcest lad that ever made the lower city his home. The claim that Clark is alleged to have taken from Howard has been recovered by the police, as was also the watch, which was found some days ago. The police are now living in hopes of laying hands on Clark, so that he and his boy companion may be brought before the bar of justice. It now looks as though their punishment would be light.

THE Stoughton ball team has defeated about every nine they have met and therefore an exceptionally good game is assured when they meet the Y. M. C. A. team at Athletic park Tuesday of next week. Game called at 2:30.

We make a specialty of our smoked meats in hot weather. They are all kept in our cold storage away from the flies and dirt at an even temperature; we also keep our cod fish in cold storage. Customers never get red, strong fish at this store. Sanborn.

THE Ladies' Missionary society of the Congregational church will meet next Tuesday afternoon at 3 o'clock at the home of Mrs. O. C. Carriages will leave Mr. Echlin's store at 2. It is the thank offering meeting and a large attendance is desired. There will be a picnic supper.

THE strength of the Sanborn store is shown in many ways. The tug of war at the groceryman's picnic last Wednesday was won by the west side grocers. There were six men in the team and four of them were employees at Sanborn's. Handling rush orders on busy days develops a strength that always counts at the proper time.

## SEEKING DIVORCE FOR DESERTION

WIFE OF DR. EDWIN G. BENNETT ASKS A SEPARATION.

Her Husband Deserted Her Two Years Ago—He Did Not Care For Her, Although She Still Loves Him—A Pitiable Tale Told in Court.

On the ground of desertion Mrs. Rubie Bennett was granted a divorce this afternoon in the circuit court of Rock county from her husband, Dr. Edwin G. Bennett.

The interested parties for years resided in the town of Lima, and afterwards removed to Broadhead, where they were held in the highest esteem. Two years ago Dr. Bennett went to Chicago to take a post graduate course and afterwards he left for the west, since which time his whereabouts have been unknown. He Wanted a Divorce.

Mrs. Bennett, with tears streaming down her cheeks, stated in court that she was seeking the divorce because he told her to get it. When asked by the court if she had made any effort to locate her husband since he so mysteriously disappeared, she stated that she had not, nor had any of her friends made any effort to do so as far as she knew. She further stated that of late she had been residing in the town of Lima with a brother of the defendant and his wife, and that during that time she had been supporting herself.

Still Loves Him.

When the court asked the plaintiff if she still had affection for the defendant she bowed and burst into tears. To the question she did not respond, although she did admit that their married life of late years had not been a happy one. Dr. Bennett is said to be worth considerable money, and is a man well known in this city.

## DR. GLENN GETS A SHAKE-UP

Was Run Down By a Trolley Car in Chicago While Riding His Wheel.

Dr. F. L. Glenn, son of A. M. Glenn, of this city, was run down by a Forty-eighth avenue trolley car in Chicago Monday afternoon. The doctor was returning from a call on his wheel and meeting two cars on the other track at the same time could not hear the one behind him. They were running at full speed and did not shut off the current till he was struck. The frame caught in the car and the doctor slipped the front wheel and kept on the seat till the car was stopped which was nearly a half block. His back was hurt and he received a general shaking up. There was not enough of the wheel left to repair. Still he sat on the seat while the car was grinding it to pieces.

## GRAIN BUYING IS BRISK

Cargill Elevator Has Resumed Business and Reports Good Prospects.

The W. W. Cargill & Co. elevator in this city, has opened the fall buying season under most favorable conditions. This week over 800 bushels of oats and barley have been received, and from now on farmers from all portions of the country will be bringing their products here.

Agent Quackenbush was here yesterday from Green Bay, looking over the local elevator. He says that the Cargills have now eighty buying points in the state, and that the fall yield of grain promises to be a large one.

## MILK IS SCARCE AND DEAR

The Warm Weather Has Dried Up the Cows and Prices Have Risen

Milk has gone up a cent during the past few days, and the local dealers are now obtaining four cents a quart. During the summer months three cents was the ruling price but dealers then complained that they were not taking in enough cash to pay expenses. Now they claim that for cents is little enough, and that within the next few days the public can again look for another raise, which will place the price at five cents.

"I just wish you would state in The Gazette this evening that milk is getting scarce around here," said an east side dealer this morning, "for during the past week I have had to go into the country and buy of the farmers in order to have enough to supply my customers. This late warm spell is drying up the cows."

## FINISHED EUROPEAN JOURNEY

## FARMER BADLY INJURED TODAY

HARVEY CHRISTMAN, OF ROCK, SERIOUSLY HURT.

His Horses Became Unmanageable While Going Down a Hill, and He Was Thrown Under the Wheels—Both Legs Were Broken, and Sustained Painful Bruises.

Harvey Christman, of the town of Rock, was seriously injured in a runaway accident at 1 o'clock this afternoon, one mile south of this city in the town of Rock. Dr. Edden, who was called, found the injured man badly bruised about the body besides having his bones in both his legs fractured between the knee and the ankle.

Christman came to town this morning and returned home soon after noon, taking with him a heavy load of grain. When a short way beyond the State School for the Blind his team became unmanageable while going down a steep hill, and in his efforts to check them the reins broke, throwing Christman violently to the ground. The cruel wheels of the heavy wagon passed over both his limbs, crushing the bones as if they had been so much glass. Neighbors soon came to the rescue and the injured man was cared for and a messenger sent to town for Dr. Edden.

Injuries Are Serious.

An examination showed that Christman's injuries were of a serious nature. He complained of being badly bruised and suffered much. The bones in his legs were badly fractured, and it will be many weeks before he will be able to be out. The team was captured before any other damage was done. The wonder is that Christman lives to tell the story of his narrow escape from death.

The injured man is a brother of Mrs. Charles Baines, and is employed on the Baines farm, four miles south of this city, in the town of Rock.

## WEED COMMISSIONER ACTIVE

Many Property Owners Have Been Called to Time of Late.

The weed commissioner is getting in his good work these days in all sections of the city. In all the different wards weeds are found on the sides where they are least expected. In the Third ward in the Forest Park section they are plentiful, and several property owners have been notified to remove them or stand the expense of city officials taking the work in hand.

In each of the wards the aldermen are keeping a sharp lookout. The cutting and keeping down of weeds on the streets and in the door yards and gardens will keep down hay fever, keep out typhoid fever, prevent the breeding of mosquitoes and the harboring of insects.

# PYTHIANS ELECT OFFICERS

Thomas G. Sample Is Chosen Chancellor.

BELONGS TO ALLEGHENY, PA.

Report as to the Condition of the Endowment Bank Has Not Been Acted Upon—Winners of Prizes in Competitive Drills.

Indianapolis, Ind., Aug. 27.—The supreme lodge knights of Pythias elected Thomas G. Sample of Allegheny, Pa., supreme chancellor, and Ogden H. Feathers of Janesville, Wis., supreme vice-chancellor.

The report of the financial condition of the endowment bank was submitted by John A. Hiney of Chicago, chairman of the board of control. There were some things in the report that the members wanted to know more about, and it was ordered printed, so that the representatives may have an opportunity to study it.

The only cities in the race for the next meeting of the supreme lodge and the encampment are Louisville and Detroit, and it is about conceded that Detroit will be the winner. However, the Louisville delegation has not given up the fight. The prize winners in class A are as follows: First prize, \$1,500, Eau Claire, Wis.; second, \$1,200, company No. 3 of Terre Haute, Ind.; third, \$1,000, Kalamazoo, Mich.; fourth, \$800, Alliance, O.; fifth, \$600, Covington, Ky.

Capt. Con Felge of the Eau Claire company was awarded the badge as the best company commander in camp. The winners in class B, the contestants being companies that had never before taken a prize at a national encampment, were as follows: First prize, \$500, Lancaster, O.; second, \$400, company No. 83 of Terre Haute, Ind.; third, \$300, Louisville; fourth, \$200, Jeffersonville, Ind.

In this class Capt. Benjamin Gray of Louisville received the badge as the best company commander. St. Joseph (Mo.) cavalry company took the \$500 prize for the best cavalry company, it being the only cavalry company to enter.

The Rathbone Sisters, at their session, voted to establish an endowment rank similar to that of the knights.

## IS STILL UNCONSCIOUS.

Ex-Gov. Matthews Shows But Slight Change for the Better.

Lafayette, Ind., Aug. 27.—Information from the bedside of ex-Gov. Matthews late last night was that since morning there had been only the slightest change in his condition, and that possibly the hopefulness of his friends alone construed this change as an improvement.

Dr. Stone is reported to have said that the crisis will be reached within forty-eight hours, and he does not hold out a hopeful view of the case.

A. Griswold; leg injured.

W. J. Krussow; slightly burned; both ankles sprained.

## Fire in Danville Coal Mine.

Danville, Ill., Aug. 27.—The large coal mine of A. H. Bennett suffered a disastrous fire Friday morning. There were eighteen men in the mine at the time, and before they were aware of their danger the shaft was ablaze. They were compelled to crawl to the air hole. Several of the weaker ones were overcome by the heat and smoke. Charles Hatfield of this city was severely burned, but no one was fatally injured. The fire is supposed to have caught from a lamp. The mine is practically worthless and will probably never be worked again.

## To Protect American Missionaries.

London, Aug. 27.—The Daily Mail's Hongkong correspondent telegraphs: "The British consul at Kiang Chau Hainan has asked the American consul at Canton to urge the viceroy to send soldiers to Nodua, near Hoi How, to protect the lives and property of American missionaries there who have been obliged to flee for their lives from Nodua and seek the protection of the British consul at Hoi How."

## Michigan Residents Are Active.

Lansing, Mich., Aug. 27.—Parents and friends of members of the Thirty-first and Thirty-second Michigan volunteer infantry are besieging Gov. Platteau to use his influence to have the regiments mustered out. It is claimed that a canvass of the regiments shows more than two-thirds of them favor being mustered out.

## Indiana Colored Baptists.

Indianapolis, Ind., Aug. 27.—The general baptist association of Indiana (colored) is holding its forty-first annual session here. J. A. Rouse was chosen moderator.

## Furloughs for Sixty Days.

Washington, Aug. 27.—An order was issued by the war department Friday extending the furloughs of volunteers from thirty days to sixty days.

## Will Pay a Visit to America.

London, Aug. 27.—The Speaker says that Mr. Joseph Chamberlain, secretary of state for the colonies, will visit the United States in the fall.

## FIRST CONFLICT AT CAVITE.

Clash Between American Troops and the Natives.

Manila, Aug. 27.—A corporal and two troopers of Battery B of the Utah Artillery, after disembarking at Cavite Wednesday, were sent on an errand. While passing through the streets Trooper Hudson discharged his revolver. It was all mere fun, but the natives in the immediate locality were much alarmed for the time.

The natives immediately began firing. Dismounted cavalry were sent to quell the disturbance, but the natives misunderstood the movement and the firing became general.

Trooper Hudson was killed and Corporal Anderson mortally wounded. Troopers Laydon, Nachbar, Connolly and Doyle of the Fourth cavalry were wounded.

Four natives were killed and several wounded.

General Aguinaldo has expressed his regret at the encounter and promises to punish the offenders. No further trouble is expected.

Admiral Dewey has transferred his flag to the cruiser Baltimore, the Olympia sailing for Hong-Kong to be docked and cleaned. The Raleigh left for the same port Wednesday night.

## MILLS MAY SOON BE RUNNING

Strike at Cleveland Wire Works Is Near a Settlement.

Cleveland, O., Aug. 27.—The strike of the wire drawers at the American wire works may be settled within the next few days. There are indications that the big contest, which for some time has threatened to extend to every mill of the American Steel and Wire company, will soon be a thing of the past.

A settlement is likely, but both the strikers and the company officials are non-committal. It is known that the ice has been broken and negotiations for a settlement of the differences between the strikers and the company have been opened. General Manager Shuler of the American Steel and Wire company will make no further statement than that the wire mill of the American wire works will be in full operation within a short time.

## Japan Not Dissatisfied.

Washington, Aug. 27.—Minister Buck, at Tokio, Japan, writes the department of state that he has observed no dissatisfaction there in consequence of the annexation of the Hawaiian Islands to the United States since annexation has been accomplished. The government and people alike seem to be satisfied that our government will fully protect the rights and interests of Japan and of Japanese subjects in those islands. On the part of the public press he has known of no unkind expressions because of the United States annexing these islands.

## Hear May Succeed Hay.

Boston, Aug. 27.—The Journal's Washington correspondent says: "If George F. Hear will consent to accept an appointment as ambassador at the court of St. James the appointment will probably be made. The president is seriously thinking of asking the senior senator from Massachusetts to take the place which will soon be vacated by Ambassador Hay, and he is restrained only by his reluctance to remove Senator Hoar from the position he now holds."

## Matties in St. Louis.

St. Louis, Aug. 27.—Otto Matties, the farm hand who, less than two weeks ago, shot and killed State Senator H. C. Wall near Staunton, Ill., was seen entering the city today on a St. Louis, Keokuk and Northern train. He dropped from the rear car at the foot of Washington avenue and then all trace of him was lost. The entire force of the police department is on the watch for Matties, and it is probable that he will soon be captured.

## To Go Out of Commission.

Washington, Aug. 27.—The navy department has ordered the cruisers St. Louis and St. Paul to the League Island navy yard, Philadelphia, where they will be restored to their condition as liners and returned to the American line, from which they were chartered. The Yale and Harvard, the other ships of this line, are still in the service of the war department as troop transports, but these are also likely to be returned to the company at an early day.

## Dare the Woman's Bible.

Topeka, Kan., Aug. 27.—After a discussion lasting a week, the board of censors of the Topeka Federation of Women's clubs has excluded the "Woman's Bible" from its library on the ground that it is "written in a flippant, coarse and inelegant style."

## LATE NEWS BY TELEGRAPH.

## STRONG MEN ARE CHOSEN.

Paris Peace Commissioners All Appointed.

## OF THE PRESIDENT'S FAITH.

It is believed the Chief Executive has selected men who favor the United States retaining possession of the Philippine Islands.

Washington, Aug. 27.—The peace commission is settled, and the commissioners have all accepted. The last acceptance was from Associate Justice White of the supreme court, Friday afternoon. The commission is as follows:

WILLIAM R. DAY, present secretary of state, chairman.  
SENATOR CUSHMAN K. DAVIS of Minnesota, chairman of the foreign relations committee of the senate.  
SENATOR WILLIAM P. FRYE of Maine, senior member of the committee on foreign relations of the senate.  
ASSOCIATE JUSTICE E. D. WHITE of the United States supreme court.  
WILLIAM R. DAY, editor of the New York Tribune and former minister to France.

It is regarded as an exceedingly strong commission, and one that will satisfy the American people regarding the Philippines. There are at least three members of the commission who are in favor of holding the most important part of the Philippines and not afraid of claiming the whole group. These are Senators Davis and Frye and Whitelaw Reid. Both Senators Davis and Frye expressed themselves as in favor of expansion of territory before they were selected as peace commissioners, and the New York Tribune has in its editorial columns insisted that this government should retain the Philippines. President McKinley knew well the views of these three men when he selected them, and his selecting a majority of the commission who hold this view is regarded as an evidence that he is not averse to keeping the whole archipelago.

The position of Secretary Day has been conservative, but he will not oppose the wishes of the president.

What position Justice White will take no one here, unless it be the president, knows. He has been very reticent and has not discussed this question. Members of the cabinet profess to be absolutely ignorant as to what are the views of Justice White regarding the Philippines, but they assume that he will follow faithfully the president's instructions, and that he will not disagree with the other commissioners. Justice White is regarded as the best-posted man in the country in the history of the Louisiana purchase, he having made a particular study of that acquisition of territory and the development of it. It is argued from this that he cannot be very much opposed to the policy of territorial expansion.

The commission will sail about Sept. 15, and both Senator Frye and Davis expect that it will be able to complete its work in time to present a treaty to the senate before the adjournment, March 4.

## WILL BE AN INVESTIGATION.

Alleged Mismanagement of the Army to Be Looked Into.

Washington, Aug. 27.—President McKinley is quoted as saying that an investigation will be made of the alleged mismanagement of the army.

It is the general feeling that gross incompetency and mismanagement have marked the conduct of the war, and numerous investigations will undoubtedly be demanded. As the reports arrive the frightful conditions which exist in camp and on transports bring to light new stories of misery, starvation and suffering which it is impossible to believe one human being would inflict upon another.

If half the terrible reports which reach Washington are true some one is guilty of criminal negligence, and a scandal of the worst character will develop. Every case which comes before the public is more startling than the last, and great indignation is felt here over the inhuman treatment to which the defenders of the country's honor have been subjected. All of the glory which was earned by the brilliant victories of the American arms is being overshadowed by the frightful experience of the troops.

## FEARS FOR HOSPITAL SHIPS.

Red Cross Vessel Solace Has Been Long Overdue.

Boston, Mass., Aug. 27.—The Red Cross hospital ship Solace, with sick and wounded sailors from Santiago, was due here on Tuesday. No tidings have been received here of the vessel since it left Cuba, and grave fears have arisen concerning its safety. The Solace had on board a number of sick and convalescent sailors from Sampson's fleet, who were to be taken to the naval hospital at Chelsea.

The reported sighting of wreckage off Fire Island some days ago adds to the anxiety. Many fear that the hospital ship has been caught in a storm or has been destroyed by accident.

Among the fears expressed is one that yellow fever has developed on board and that the sailors have in this way been incapacitated for duty.

## COULD ONLY LET THE MEN DIE.

Toledo, O., Aug. 27.—Dr. Phil Reig, surgeon in charge of the Olivette on his last trip, said: "The Olivette was

certainly in terrible condition. It had more patients than it should have had. I was the only surgeon working and had no medicines for fever patients. All I could do was to let them die. As far as provisions were concerned, they were plentiful, but not of the proper kind. When we reached Boston many had died of exhaustion. I do not know who was to blame for loading the transport in such a manner."

## MAY RESUME HOSTILITIES.

Spain Threatens to Send Troops to the Philippines.

Madrid, Aug. 27.—The cabinet having inquired into the situation in the Philippines after the capitulation of Manila, it is believed that the government may resume hostilities in case of continued opposition on the part of the natives. If the United States should send further reinforcements to the Philippines, the protocol having been signed, Spain may do the same.

## Reports 40,520 on Sick List.

Washington, Aug. 27.—"Up to Aug. 15 we have a full record of 40,520 cases of sickness and wounds that occurred among a main strength of 154,028 men during the months of May, June and July." Such are the official figures, the result of disease in camps and wounds in battle, furnished by Surg.-Gen. Sternberg. Even this large number of sick cases does not represent all. Surg.-Gen. Sternberg says that up to the time this calculation was made the reports from all commands has not been received.

## Fighting Regiment Coming Home.

Santiago de Cuba, Aug. 27.—The transport Neuses sailed Friday for Montauk Point with the Twenty-fourth United States Infantry, Maj. Markley, and two companies of the First Illinois regiment. The Twenty-fourth regiment has been decimated by bullets and yellow fever to less than 400 men. The regiment did heroic work at San Juan and Siboney, and was given an ovation on the wharf prior to its departure.

## Many Sick in Fifth Illinois.

Lexington, Ky., Aug. 27.—The Fifth Illinois is having more men on its sick list than the surgeons care to give the names of. Eighteen are sick in quarters, eighteen in the regimental hospital, and forty-three in the division hospital, making seventy-nine who have fallen ill during the past week. Surgeons declare none of the men are dangerously ill, but admit that several have serious cases.

## Good News for Michigan Men.

Washington, Aug. 27.—The Thirty-third and Thirty-fourth Michigan will be sent home as soon as they are out of detention camp and can safely be moved. They will be given sixty days' furlough, and at the expiration of that time assembled and mustered out. They can probably be assembled where they were enlisted to save extra transportation.

## Now Commands a Squadron.

New York, Aug. 27.—Commodore John W. Philip received telegraphic advice from Washington Friday assigning him to the command of the North Atlantic squadron. Commodore Philip by the same order is detached from the Texas. The cruiser New York will be his flagship.

## Want Iowa Men Sent Home.

Dubuque, Iowa, Aug. 27.—A movement is on foot here to have the Forty-ninth Iowa regiment mustered out of service. The men enlisted to fight the Spaniards, and as the fighting is over they are mostly anxious to return home.

## Will Issue a Manifesto.

Madrid, Aug. 27.—The Carlists and republican members of the cortes have decided not to attend the forthcoming session, and they will issue a manifesto to the country explaining the reasons for their absence.

## Yellow Fever at Fort Point.

Austin, Texas, Aug. 27.—State Health Officer W. F. Blunt has been advised that there are three cases of yellow fever among the troops at Fort Point, near Galveston. A rigid quarantine was put into effect.

## Indiana Regiment Mustered Out.

Indianapolis, Ind., Aug. 27.—The One Hundred and Fifty-ninth regiment of infantry has been designated as the other Indiana regiment to be mustered out at this time.

## Would Give Up the Philippines.

Madrid, Aug. 27.—The important financial weekly paper, the Estafeta, supports the party which favors the abandonment of the Philippines.

## Mr. A. O. Wolfe, of Duane, Mo.,

who travels for Munster & Tibbatts, Iopment Co., of St. Louis, gives traveling men and travelers in general, some good advice. "Being a Knight of the Grip," he says, "I have for the past three years, made it a rule to make myself supplied with Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have found numerous occasions to test its merits, not only on myself, but on others as well. I can truly say that I never, in a single instance, have known it to fail. I consider it one of the best remedies travelers can carry and could relate many instances where I have used the remedy on skeptics, much to their surprise and relief. I hope every traveling man in the U. S. will carry a bottle of this remedy in his grip." For sale by People's Drug Co., Milwaukee street.

## WEEKLY REVIEW OF TRADE.

Volumes of Business Much Larger Than Last Year.

## FARMERS HOLD THEIR WHEAT.

Price Went Down Three Cents for the Week—Exports Comparatively Small—Good Decrease in Failures Reported.

New York, Aug. 27.—R. G. Dun & Co. in their Weekly Review of Trade say: "The volume of business reflected in exchanges at the principal clearing houses is 20.4 per cent larger than last year and 26.8 per cent larger than in 1897, heretofore the year of the largest business and the highest prosperity ever known. Part of this increase was due to speculation at New York, but there remains a healthy increase over the best of previous years, and though in some branches business is not satisfactory in character, in nearly all it is in volume larger than ever before.

"Wheat goes down 3 cents for the week, as if there were no foreign demand coming, the obvious concert of farmers to keep back wheat, the crop being certainly very large, tending to encourage a conspiracy of traders against them, which thus far has entire control of the market. Atlantic exports for the week have been 2,731,594 bushels, against 3,568,369 last year, and for four weeks of August 13,101,079 bushels, against 13,357,638 last year, while Pacific exports were 254,239 bushels for the week, against 770,810 last year, and have been for the month 1,363,794, against 1,405,333 last year. It is wise to remember that the foreign demand on account of last year's shortage is still lapping over, while all reports show that foreign crops are about average.

"Shipments of boots and shoes have been larger than in any previous year, amounting to 362,293 cases in four weeks of August this year, against 343,258 last year and 356,376 in 1895, much the largest for this month heretofore, and 323,394 in 1892. While leather is quite stiff, notwithstanding extremely light purchases by manufacturers, hides yield a little at Chicago.

"Failures for the week have been 179 in the United States, against 223 last year, and 26 in Canada, against 34 last year."

## SEEK MORE NEGROES.

Operators' Agents Looking for Black Men in the South.

Pana, Ill., Aug. 27.—The negroes imported from the south to take the places of the striking miners in the Springside, Pana and Penwell mines must leave Pana or suffer the consequences. If they refuse it is highly probable that force will be used and that the local miners will be assisted by hundreds of their Illinois brothers who are anxiously awaiting the word to come here.

The negroes, guarded at the Springside mine by armed deputy sheriffs, are not allowed, it is said, to leave the mine property. The deputies will allow no miner to speak to them. The operators say they have contracted with southern agents to furnish several hundred more negroes, but it is not believed the men will arrive in Pana, as President Hunter of the state United Miners' union has started for Alabama to intercept them and explain the situation. It is believed that if the negroes have been deceived by the operators, as the first importation was, President Hunter will be able to induce them to turn back.

# W. F. HAYES, EYE SPECIALIST.

The proper fitting of eye glasses requires careful preparation along two lines. There must be a thorough knowledge of the refractive conditions of the eye. There must also be a complete understanding of the construction of lenses for correcting error and remedying weakness. The optician should have the mechanical skill to properly adjust frames and lenses. He may be ever so capable in diagnosis, but if he is not skilled in the other and equally important branches of the profession his work is of little avail. W. F. Hayes, the eye specialist, has made himself proficient in every branch of refractive work; his experience of the past twelve years leaves no doubt as to his capabilities. Thousands of recommendations from people whom he has fitted to glasses during this time are in his possession and a great unwritten testimonial lies in the fact that former patients return a second and third time to be refitted. Mr. Hayes' connection with The Julius King Optical Co., of New York, (one of the most complete and thoroughly equipped optical manufacturing concerns in the country), gives him an advantage that but few opticians enjoy. A portion of his time is spent in the factory and grinding room, where from 300 to 375 pair of glasses are completed daily and every known refractive defect is corrected. AT F. C. COOK & CO.'S, ON SATURDAY AND MONDAY OF EACH WEEK.

## WHAT SOME PEOPLE THINK OF MR. HAYES AS AN EYE EXPERT:

### Judge Bennett Pleased.

I take pleasure in recommending W. F. Hayes as a thorough and competent optician. He examined my eyes, and I am wearing glasses fitted by him. They are perfect in every way.  
JUDGE JOHN R. BENNETT.

### Mayor John Thoroughgood Says:

W. F. Hayes, the eye expert, at F. C. Cook & Co.'s, fitted myself, wife and daughters with glasses; we are more than pleased. They are satisfactory in every way, and I take pleasure in recommending him as being thoroughly competent.

### Register of Deeds, O. D. Rowe, Is Pleased.

I have been fitted several times to glasses but none have suited me as well as those I bought of W. F. Hayes, the eye expert. My wife was troubled with her eyes until he examined and fitted her to glasses and she is greatly pleased with results. I recommend him to people with eye troubles.

### Sheriff Acheson Talks About Glasses.

A testimonial from a man as conservative as Theodore L. Acheson, Sheriff of Rock county, is of value, not only to the man who receives it, but may be of great value to the public. Sheriff Acheson says of the glasses fitted to him a short time ago by W. F. Hayes, the expert optician, at F. C. Cook & Co.'s: "The glasses fitted to my eyes by Mr. Hayes are the most satisfactory of any I have yet worn. I am able to use my eyes more than has been my custom for some time—and yet I suffer no inconvenience."

### Rev. J. C. Koerner,

Pastor of St. Paul's church, says: Mr. W. F. Hayes, the expert optician, examined my eyes and fitted glasses to them. He understands his business and I have no hesitancy in recommending him as a thorough and reliable optician.  
REV. J. C. KOERNER.

### District Attorney W. A. Jackson

Recommends W. F. Hayes. He says: My eyes were examined and fitted to glasses by Mr. Hayes, perfectly. Having worn glasses the greater share of my life I most cheerfully recommend his work.

### R. W. Edden, M. D., Praises W. F. Hayes.

I have been greatly troubled, in reading, with my eyes, but since W. F. Hayes fitted me to glasses, the weakness has been entirely corrected and I recommend him as a thoroughly competent man.

### J. B. Whiting, Jr., M. D., Satisfied.

For some time my eyes caused me an uneasiness. I consulted W. F. Hayes, the eye expert, who made an examination and fitted me to glasses in a most satisfactory manner.

### What Dr. Rockwell, of Johnstown, Says:

W. F. Hayes fitted myself and wife to glasses and they have proven eminently satisfactory.

### A Few Lines From M. Montgomery, M. D., Clinton, Wis.

Mr. Hayes examined my eyes and corrected the trouble with glasses. I am pleased with his methods and recommend him.

### R. B. Anderson, M. D., Orfordville, Sends Cases.

I believe W. F. Hayes, the eye expert, to be a thoroughly competent optician. I have sent a number of cases to him and they are all well pleased with his work.

### Rev. W. F. Brown,

Formerly pastor of the Presbyterian church of this city, says: Optician Hayes fitted myself and wife with "helps to read." They have proven very satisfactory and I cheerfully recommend Mr. Hayes as a reliable optician.  
REV. W. F. BROWN, Beloit, Wis.

### Physicians Recommend Mr. Hayes.

The following physicians of Janesville recommend W. F. Hayes, the eye expert, as a thorough and competent optician:

John F. Pember, M. D.  
J. W. St. John, M. D.  
W. H. Judd, M. D.  
James Mills, M. D.  
Dr. C. T. Pierce.

R. W. Edden, M. D.  
G. G. Chittenden, M. D.  
J. B. Whiting, Jr., M. D.  
W. H. Palmer, M. D.  
Dr. Wm. Horne.

## What Oculists Say of W. F. Hayes:

### Prominent Optical Expert.

H. R. Pestalozzi, one of Milwaukee's prominent eye specialists, at 280 Third street, says of W. F. Hayes, the eye expert: "I can recommend Mr. Hayes in the strongest possible manner as a thorough optician. His work gives evidence of large experience in every phase of eye treatment with glasses." Mr. Hayes is at F. C. Cook & Co.'s Mondays and Saturdays.

### Dr. A. E. Wilcox,

Of Fond du Lac, Wis., says: I consider W. F. Hayes, the eye specialist, of Janesville, Wis., one of the most thorough and practical opticians in the country. He can be found at F. C. Cook & Co.'s Saturday and Monday of each week.

### J. M. Sleicher, M. D.,

Specialist of eye, ear, nose and throat, of Watertown, Wis., says: "I consider W. F. Hayes, the eye expert, a thoroughly reliable and competent optician. He has refracted several cases at my office in a most satisfactory manner."

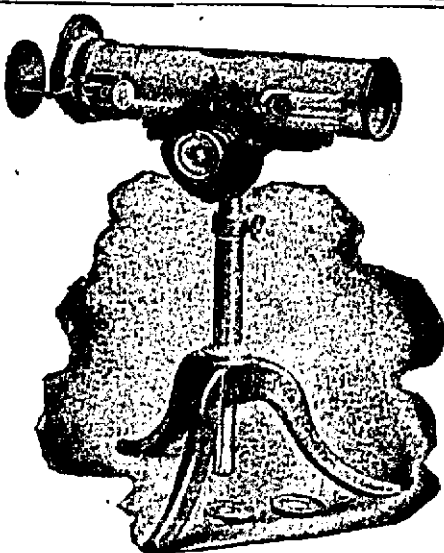

### F. D. Bently, M. D.,

Of Portage, Wis., says W. F. Hayes, the eye expert, fitted several of his patients to eye glasses in a very satisfactory manner and he considers him a thorough optician.

### Arthur Freidman, Oculist,

Of Waukesha, Wis., endorses W. F. Hayes as an optician of more than ordinary ability.

## Every Modern Appliance

Known to optical science is used by Mr. Hayes. Among the latest and most essential instruments is the REFRACTOMETER. By its use the most difficult, stubborn cases can be accurately fitted without the necessity of doping the eyes with medicine to render them unnatural; the risk of permanent injury is entirely done away with. The RETINISCOPE and OPHTHALMOSCOPE are other modern methods employed by Mr. Hayes. The OPHTHALMOSCOPE detects any diseased condition of the eye, and in no case does Mr. Hayes prescribe glasses where treatment is necessary. People get the benefit of an experienced eye expert in Mr. Hayes; he makes optical work his study and his entire business and therefore understands all the requirements in glasses.

A few moments' talk with Mr. Hayes about your eyes may be the means of saving much pain and bringing relief to your sight.

# TWO NEW GROCERY ARTICLES!

Some new things are better than old ones. Some are not so good. We look carefully into new articles before we recommend them to replace the old ones. The two new grocery articles we are speaking of you have already become familiar with---their names at least.

## Freun's Wheat Wafers.

## I. X. L. (Cold Water) Starch.

We have pushed both of them quite extensively in the past few weeks, and with real marked success too. People have bought freely of them, praised them both generously. We knew of their merit to such an extent that we felt warranted in placing our personal guarantee back of them. The manufacturers give their word as to their worth, so there is no doubt but that they are good.

### I. X. L. Cold Water Starch

does not require boiling. It saves time and labor and is the best article of its kind on the market. We sell it 3 packages for 25c, whereas it usually retails at 10c package. Large purchases place us on a jobbing basis.

### Freun's Wheat Wafers

A perfectly digestible, nutritious breakfast food. The weakest stomach digests it. Children grow healthy and strong with it as a food. Grown people acquire more nerve force and general strength on Freun's Wheat Wafers. The indigestible part of the wheat kernel is removed. We sell it 10c package; usual retail price is 2 packages 25c. Our large purchase helps us to make the low price.

We never give our word to an article unless it has merit. You can rely on both of these articles. Give them a trial.
